

How to receive job alert emails for each job publication on the ITER website?

1. Go to: <http://iter.profiles.org/Pages/GlobalNavigation/Welcome.aspx>

The screenshot shows the ITER website's registration page. On the left, a navigation menu includes 'My space', 'See jobs', and 'My job alert'. A blue callout bubble points to the 'My job alert' link with the text '2. Click on My job alert'. The main content area features a header with 'ARE YOU ALREADY REGISTERED ?' and 'Enter login' fields for 'Email' and 'Password'. Below this are 'Cancel' and 'Log in' buttons, and a link for 'Forgotten password?'. Further down, it says 'NOT REGISTERED YET ?' and 'For Korean applicants that wish to apply, please contact ITER Korea directly (www.iterkorea.org)'. There is an 'Identification' section with fields for 'Email', 'Password', and 'Confirm password', followed by a 'Register' button. A second blue callout bubble points to the 'Register' button with the text '3. Register your email alert for the first time.' At the bottom, a footer link reads 'For more information about ITER, visit our web site : <http://www.iter.org>'.
